Methomyl; Request to Delete Certain Outdoor and All Indoor Non-Food Uses, DuPont Agricultural Products

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, 7 U.S.C. 136 d(f)(1), EPA is issuing this notice of receipt of request by DuPont to delete certain outdoor and all indoor non-food uses, including but not limited to, fur-bearing animal units, poultry houses, commercial, industrial and institutional areas (outdoor), meat and poultry processing plants, and garbage areas from their manufacturing use registrations for methomyl. The public is invited to submit comments within 30 days of this notice regarding the appropriateness of EPA granting this request.

FOR FURTHER INFORMATION CONTACT: By mail: James A. Hollins, Office of Pesticide Programs (7502C), Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location for commercial courier delivery and telephone number: Room 216, Crystal Mall No. 2, 1921 Jefferson Davis Hwy., Arlington, VA 22202, (703) 305-5761; e-mail: hollins.james@epamail.epa.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

Section 6(f)(1) of FIFRA, provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be cancelled or amended to terminate one or more uses (7 U.S.C. 136 d (f)(1)). The Act further provides that, before acting on the request, EPA must publish in the **Federal Register** a notice of the receipt of the request and allow 30 days (or 90

days for minor agricultural uses) for public comment. Thereafter, the Administrator may approve such a request. EPA may waive the comment period if requested to do so by the registrant, or if continued use would pose an unreasonable adverse effect on the environment.

II. Intent to Delete Uses

This notice announces receipt by the Agency of an application by DuPont Agricultural Products, Walker's Mill, Barley Mill Plaza, P.O. Box 80038, Wilmington, DE 19880-0038, to delete

certain outdoor and all indoor non-food uses for the two methomyl registrations listed below in Table 1. These registrations are identified by registration number, product names, active ingredient, and the specific uses deleted. Users of these products who desire the continuation of the subject uses may wish to contact the registrant within 30 days after the publication of this notice, to discuss withdrawal of the applications for deletions or possible transfer of the registrations.

The registrant is requesting, and EPA is providing a 30-day comment period

because the Agency, has been informed by the registrant that it contacted all registrants of methomyl fly baits last year of its decision not to support that use, and has not been selling the product to fly bait formulators since December 31, 1993. Also, because the deletions are being requested in accord with an EPA request that the registrant propose risk mitigation measures to address the Agency's methomyl worker safety concerns, the Agency considers a 30-day comment period to be appropriate in length.
